PRESENTATION

Afyon Kocatepe University Institute of Social Sciences, started education and training activities in 1993, and continuing graduate research and education activities successfully with the support of Faculty of Arts and Sciences, Faculty of Education, Faculty of Law, Faculty of Economics and Administrative Sciences, Faculty of Fine Arts, Faculty of Islamic Sciences, Faculty of Tourism, State Conservatory and their affiliated faculty members. One of the most important indicators of the quality of education given at the graduate level in universities is the level of the contribution of that education to any field of science and society. In this context, our main purpose as the Institute of Social Sciences, in line with the vision, mission and strategic plan of our university, is to provide master's and doctorate education integrated with the contemporary world. Among our goals are, to train highly qualified manpower that will contribute to the development of our country in accordance with the principles of human rights and the rule of democratic law, to support the research activities bound by ethical values that will solve the problems of the society and its close environment by being aware of those problems, and to provide the production of high quality scientific publications that will benefit the scientific field and society in which it is produced. Our curricula in the departments and programmes, and our thesis monitoring-publishing processes are always being meticulously discussed in the relevant administrative and academic boards of our institute and our efforts to achieve the best are always continuous. In addition, the requests, demands and complaints of our students, who are the main elements of our determined goals and objectives, are examined and discussed in the relevant boards in a thorough manner and solutions are produced in a fast way in accordance with the relevant laws and any available means. Accordingly, we would be happy to see our friends / colleagues who will support us with their participation in achieving our goals and objectives at a level that will benefit the fields of science and our society, and I would like to state that we always expect your suggestions to increase the quality of education and all other processes. Our ambition to achieve better is our main source of motivation. I wish you support us in this regard, and I hereby offer greetings and respect.

Prof. Dr. Elbeyi PELİT

Director of the Institute of Social Sciences

ABOUT
